To Whom It May Concern:

Please be advised that Exxon Company, U.S.A. has had a business relationship with Canine Services Inc., headed by Mr. Anthony Piegaro, for the past eight years.

Mr. Piegaro's firm has been instrumental in Exxon's contraband/drug enforcement program, covering an area from Maine to the Carolina's. He has worked for several different Exxon Affiliates, including Shipping, Refining, Marketing, and Chemicals. It has been my observation that Mr. Piegaro's professionalism, background, and experience has fostered the continuing good relationship between our Company and Canine Services Inc. over the years.

His rates are competitive with other firms offering drug detection and interdiction programs. Additionally, the quality of his services is above average. I would highly recommend Canine Services Inc. to any company considering contraband/drug detection in the work place.
