West Palm Beach, Florida 33411-1607

Dear Anthony:

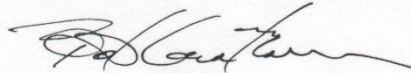

Thank you for contributing to the success of my 375th workday Thursday, January 3, 2002, at Port Everglades. Knowing how busy our schedules are, I am grateful for the time you took to be a part of my important day overseeing and learning more about Broward County's seaport operations.

Protecting our seaports and providing adequate and safe environments throughout our nation's waterfronts are the primary objectives of S.1214. I appreciate the work you are performing to enhance economic development in South Florida, especially at Port Everglades. I was very pleased to see so many security procedures in place and so much interaction among agencies that will facilitate and assure our seaport security safeguards.

Thank you for the important work you are providing to our state and nation. If there is ever anything I can do to enhance your efforts, please feel free to call upon me.

With kind regards,

Sincerely,

United States Senator
