These firefighters have successfully completed training of 320 hours.

The training was aimed at leveling, strengthening capacities and skills of firefighters AILA based on the guidelines of NFPA 101 and 1003.

This course was taught by CSI International, an American company with a solid track record, experience in search and rescue training, including firefighting.

The certificate presentation ceremony was attended by Director General of AERODOM, Andrew O'Brien, the Director of the AILA, Raul Berroeta, the President-Executive Director and Manager for the Dominican Republic of CSI International, Piegaro Anthony, Michael instructors Villamarin, Carlos Reyes and Javier Perez.

O'Brien, in his capacity as executive officer of AERODOM congratulated the first class of firefighters have completed the course, while stressing their responsibility, effort and dedication to achieve this goal.

Also praised the efforts of the Director of Human Resources, Laura Lirola, the Director of the AILA, Raul Berroeta, the Unit Manager of Search and Rescue Services (RFFS), Manuel Real, and Manager Training & Organizational Development Julie Ruiz, for the team RFFS of the air terminal to receive the said training.

President and CEO of CSI, Anthony Piegaro, expressed pride in having fulfilled the training expectations, as this institution put all his dedication, while firefighters gave 100 percent of their time and expertise.

At the event, also spoke the chief of station park RFFS, Antonio Ramírez, on behalf of firefighters, who thanked the administration and instructors AERODOM CSI International for taking the time and effort into the exercise.
